### Declaration by Outbound Exchange Student

I fully understand the graduation requirements for the \_\_\_\_\_ (Major) programme at City University of Hong Kong and that my participation in the exchange programme at \_\_\_\_\_ University may affect my degree progress and result in me not being able to graduate on time. I accept that it is my responsibility to make up for any outstanding credits and I may have to do so by an additional year or more at my own cost at the University. The Department could not be expected to make special arrangements that are against University's policy to expedite my graduation.
