LT2231 Introduction to Language
Technology
LT3211 Semantics

=====

3 - 5 major elective courses
(9 - 15 credit units) at levels B2, B3 or B4,
and
**

Year 4

2 major core course
(6 credit units)

Semester A
LT3214 Phonology
LT3233 Computational Linguistics
Major electives*

Semester B
Major electives*

=====

5 - 7 major elective courses
(15 - 21 credit units) at levels B2, B3 or B4,
and
**

**University, College, and Gateway Education requirement courses

***Free elective courses to add up to 66 credits for graduation

Notes

1. This is a suggested study plan only and is subject to change.
2. In addition to the three foundation-year courses (9 credit units), normative 4-year degree students are also expected to complete the College requirement courses (2 courses/ 6 credit units) and some University requirement and Gateway Education requirement courses in their first year of studies. For an overview of degree requirements, please refer to page 1 of this document and DegreeWorks.
3. Students are expected to have completed the 27 credit units of Major core course requirements by the end of Year 3 (BAU4 and BAU3) and semester A of Year 4 (BAU2) respectively.
4. Under normal circumstances, Year 2 students can take elective courses at levels B2 and B3. Year 3 students can take elective courses at levels B2, B3 and B4 while Year 4 students can only take elective courses at levels B3 and B4.
5. All students are required to take at least 4 major electives (12 credit units) at B4 level for graduation.
6. Do not change the courses pre-registered unnecessarily since they are offered once a year only. Registration priority for B4 courses will be given to the graduating students first and other cohorts later and so be patient and wait for your turn.
7. Some elective courses are offered every other year, so plan ahead. For details of the course offering schedule, please contact your Major Leader.
